

HOLEMAKER PRO 35 PM

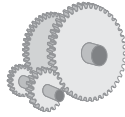

PERMANENT MAGNET (RARE EARTH) MAGNETIC BASE DRILLING MACHINE

Cutters
35mm

Twist Drills
16mm

Speed
350 rpm

Features

- All of the features of the standard Pro 35 machine, with the addition of a permanent rare earth magnet (not electro magnet)
- Increased safety as machine cannot fall or break away from job if power is lost, due to the permanent rare earth magnetic base
- This machine is ideally suited to sites or applications where increased safety is required
- Quality, Compact & Robust European Made Machine
- Ideal for on-site and overhead tasks
- Solid, robust construction
- Dual rail slide system provides rigidity and eliminates the need for gib adjustments
- Gravity feed, through spindle coolant system
- Magnetically attached coolant bottle, which can be easily removed and attached to the work piece, allowing coolant feed whilst drilling in horizontal applications
- The feed handles can be placed on either the left or right hand side
- Cutter guard system is easy to use and practical.
- Smart magnet technology to ensure sufficient magnetic adhesion
- Comes complete in blow mould carry case

PART NO. HMPRO35-PM

Part No.	HMPRO35-PM
Capacity (Diameter)	35mm
Capacity (Depth)	45mm
Capacity (Weldon Shank Twist Drills)	16mm
Motor Power	920 Watt
Input Power	950 Watt Single Phase 240V
Speed	350rpm
Weight	13.0kg
Magnetic Dead Lift	6000Nm On 25mm Steel Plate
Stroke	70mm
Height (Min. / Max.)	320 / 390mm
