

HOLEMAKER PRO 35 T3

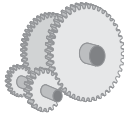

THIN WORKPIECE MACHINE

Cutters
35mm

Twist Drills
16mm

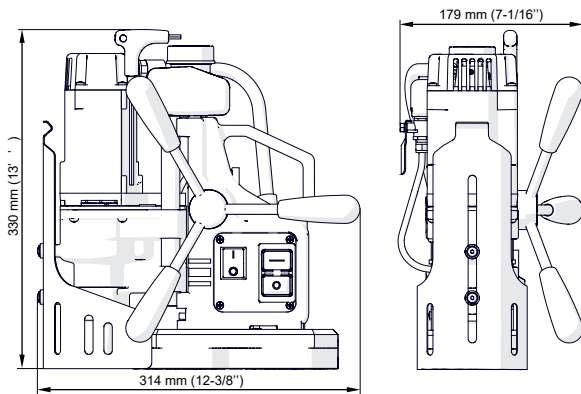

Speed
350 rpm

Features

- All of the features of the standard Pro 35 machine, with the addition of a new highly advance T3 magnet, allowing minimum material thickness of 3mm
- Quality, Compact & Robust European Made Machine
- Ideal for on-site and overhead tasks
- Solid, robust construction
- Dual rail slide system provides rigidity and eliminates the need for gib adjustments
- Gravity feed, through spindle coolant system
- Magnetically attached coolant bottle, which can be easily removed and attached to the work piece, allowing coolant feed whilst drilling in horizontal applications
- The feed handles can be placed on either the left or right hand side
- Cutter guard system is easy to use and practical.
- Smart magnet technology to ensure sufficient magnetic adhesion
- Comes complete in metal carry case
